

NOT GUESS WHO'S PAYING TAXES ON TAX DAY?

In Massachusetts, nonprofit hospitals, universities and museums do not pay local property taxes. These institutions rely on police and fire protection, garbage collection and other essential city services. Some communities collect payments from some institutions yet no community is fairly compensated for all the services they provide.

State Representatives Erika Uytterhoeven and Maria Robinson have filed legislation to ensure that local communities receive their fair share.

**JOIN MA ACTION FOR PILOT'S
VIRTUAL TOWN HALL MEETING**

Learn how your community is impacted, what the legislation can do and what you can do to make sure that large nonprofit institutions are accountable to their local communities.
